Workshop

WITH KELLY SURTEES

Kelly holds the FAA Practitioner's Diploma and regularly lectures at international astrology conferences, (including UAC in May 2012). Traditionally focused, her areas of focus include combining predictive techniques and resurrecting ancient techniques. Kelly travels regularly between her dual home countries of Australia and Canada, teaching and consulting in both. Contact Kelly through her website <http://kellysurteesastrology.wordpress.com/>

Annual Astrology Workshop Intermediate/Advanced - Not to be missed!

Thursday Night - Enhancing Natal Chart Work

Considering day vs. night charts, prioritising aspects, discussing traditional concepts like planet strength and what they say about areas of ease or challenge in life. This lecture takes you behind simple planet/sign/house and aspect interpretations to help you get into the heart of the chart.

There are many ways to interpret a chart, but focussing on connections to angles, as well as the dominant planets (which change for each chart and will be discussed on the night) you'll discover simple yet effective processes to help make your natal work deeper.

Saturday Full Day Workshop - Blending Forecasting Techniques for Maximum Predictive Power

Exploring the best ways to combine different predictive tools like firdaria, progressions and transits.

Come along and learn about firdaria's take on planetary periods and how to work with them. Suggestions around prioritising transits or secondary progressions based on firdaria cycles are included.

Bring your own charts for personal application in the afternoon.

Kelly is offering chart consultations

She is available on Friday September 13 and Sunday Sept 14.

Costs are \$160 for 60mins or \$230 or 90mins and extra charts like partner's or children can be included for no extra cost.

Kelly can be reached via kelly@kellysurtees.com to book your consultation in Vancouver.

Where:

International Spiritualist Alliance,
Unit 201-317 Columbia Street,
New Westminster, BC,
V3L 1A7
